

2021 SCHEDULE BY DAY

AGFEST 2021 IS LIVE!

We had to make some changes to the normal live show to conform to current health guidelines for the Covid-19 pandemic. These guidelines are constantly changing. As such, our plans may have to change as we get closer to the event, either more restrictive or less, depending on how health guidelines evolve in the months leading up to AgFest. Make sure you understand these changes by reading the guidebook thoroughly and paying attention to announcements on the AgFest website and text message alerts (text @agfest20 to 81010).
