

Agriculture Education Scholarship Program

The San Joaquin Junior Livestock Show and Auction Council (SJJSAC) is proud to facilitate community-supported scholarships for our youth in agriculture in San Joaquin County. This program allows the community to submit funds for individual exhibitors towards scholarships for their agriculture education. This program is available to exhibitors who meet the three criteria:

1. They meet the eligibility requirements to show at AgFest (4-H, FFA, Grange or registered independent)
2. They have completed an Agriculture Education Scholarship Application
3. They have entered and exhibited an agriculture project(s) for the current year of AgFest.

Once these three criteria are met, supporters can then submit funds in the applicant's name and AgFest will issue the total amount of submitted funds in a single check to the applicant. The online submission form will be available on the AgFest website - <https://sanjoaquinagfest.org> - between June 1 and June 30. Payment can be made via credit card or PayPal when completing the submission form (3% transaction fee applies) or by mailing a check made payable to SJJSAC accompanied by a copy of the online submission to (checks must be postmarked by June 30):

SJJSAC
Attn: Ag Ed Scholarship
P.O. Box 30695
Stockton, CA 95213

IMPORTANT DATES

Exhibitor Application period – May 1 through May 31
Community Submission Online Form availability – June 1 through June 30

PLEASE NOTE

1. **Paper forms are not accepted for Ag Ed Scholarship submissions. All submissions must start with the online form.**
2. **If paying by check, a printout of the online submission receipt MUST accompany the check**
3. **Ag Ed Scholarship checks must be written separately, not combined with checks for other AgFest-related payments.**

Paper forms and/or checks that are received without the accompanying printout of the submission receipt will be returned to the sender.

San Joaquin Junior Show and Auction Council thanks you for your interest in the Ag Ed Scholarship program. If you have questions about potential tax implications associated with your contribution to this program, please seek advice from your tax professional by sharing this flyer with them.
